

Alliance for Children at Risk Strategic Focus Areas 2014 to 2017

Purpose

Advocating for the needs and interests of children in care

Collaborate with SNAICC on a strategy to reduce the rate of Aboriginal children coming into care in Western Australia

Promoting best practice and improved services for children in care

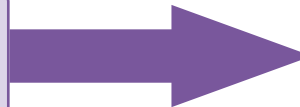

Develop a practice framework for out-of-home care

Achieve transfer of case management to the agency providing the care

Building social capital in out-of-home care services

Achieve an increase to 50% of out-of-home care places (including kinship care) provided by non-government organisations, in five years

Building community awareness and sector expertise

Hold an annual information sharing event, seminar or breakfast oration
